

INFRASTRUCTURE/SPECIMENS/CHEMICALS/MODELS ADDED IN  
NATURAL SCIENCE LAB DURING THE ACADEMIC YEAR 2019-2023.

2019 year

| ITEMS                    | QNTY    |
|--------------------------|---------|
| Test tube holder         | 2       |
| Scissors                 | 5       |
| Lens                     | 1       |
| Thermometer              | 1       |
| Cover slip               | One box |
| Watch glass              | 5       |
| Dissection box           | 1       |
| Tissue roll              | 1       |
| Spirit lamp              | 1       |
| Nessler's reagent        | 125 ml  |
| Saffranine               | 125 ml  |
| Iodine solution          | 125 ml  |
| Methylene blue           | 125 ml  |
| Glycerol                 | 250 ml  |
| Formaldehyde             | 500ml   |
| Brush                    | 5       |
| Eye model                | 1       |
| Human circulatory system | 1       |
| Tray                     | 1       |

SLIDES

|                                 |   |
|---------------------------------|---|
| Animal cell                     | 1 |
| Nerve cell                      | 1 |
| Plant cell                      | 1 |
| Unstraited muscle               | 1 |
| Straited muscle                 | 1 |
| Amoeba                          | 1 |
| Human blood smear               | 1 |
| Mammal ovary                    | 1 |
| Spirogyra                       | 1 |
| Hydra                           | 1 |
| E. Histolítica                  | 1 |
| Dicot root                      | 2 |
| Monocot stem                    | 1 |
| Nostoc                          | 1 |
| Amphibia gastrula yolk plug sag | 1 |

### 2020 year

| <u>ITEMS</u>   | <u>QNTY</u> |
|--|-------------|
| Human skeleton plastic                                 | 1           |
| Stop clock Adilab                                      | 1           |
| Human skin model                                       | 1           |
| Human lower jaw with teeth                             | 1           |
| Safranien stain, 125 ml                                | 2           |
| Forceps 5''  | 5           |
| Brush  | 5           |
| Preserved specimen of Sargassum,<br>Sea cucumber, Pila | 3           |
| Cover glass 22mm sq.                                   | 2           |

### 2021-22 year

|                              |   |
|------------------------------|---|
| Human ear                    | 1 |
| Human kidney                 | 1 |
| 3D model chart               | 1 |
| Specimen- Pinus male, female | 4 |
| Beaker 250ml                 | 1 |
| Cover glass 22mmsq.Blue star | 1 |
| Magnifier 3''                | 1 |
| Safranien stain 125 ml       | 1 |

### 2023 year

| <u>ITEMS</u>                             | <u>QNTY</u> |
|--|-------------|
| Human glass fiber glass model            | 1           |
| Tissue paper roll                        | 1           |
| Human lungs                              | 1           |
| Forceps 5''                              | 15          |
| Human physiological chart set of<br>nine | 1           |
| Safranien stain 125 ml                   | 1           |
| Dissection needle                        | 10          |
